(b)Intel's numbering is not a measurement of higher performance. (e)Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs. Note- this disclaimer affects system memory and Graphics. ^(f)1 GB = 1 billion bytes when referring to hard drive capacity; actual formatted capacity is less. ^(g)High-Definition content (e.g. WMV HD files) is required to view high-definition images. Most current DVDs do not provide high-definition images. ^(h)Actual data transfer rates will vary. ⁽ⁱ⁾Bluetooth is a trademark owned by its proprietor and used by Hewlett-Packard Company under license. ^(j)Maximum achievable download speeds are currently unknown, may not reach 56Kbps and will vary with line conditions. Upload speeds are less and also will vary. ^(l)Weight will vary by configuration. ^(m)Internet access requires payment of additional fees or subscription for use. Special Offers do not include local telephone company charges, if any, or applicable taxes. Any long distance charges incurred will be the responsibility of the customer. Please make sure your access number is local. A valid credit card is required to initiate the service. This offer is valid in the U.S.A. only. Additional terms and conditions may apply; see particular offers for details. Certain state specific restrictions and exclusions apply. ⁽ⁿ⁾Approximately 204MB of the hard drive is dedicated for HP QuickPlay and will therefore not be user accessible. ^(o)Internet Access is required. ^(p)U.S. only; 99¢ each; no subscription required. ^(q)Double-layer discs can store more data than single-layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. HP recommends the use of single-layer DVD+R discs for maximum compatibility with other DVD drives and players. ^(r)Memory Stick Duo Cards and Memory Stick Duo Adapters are not supported. Inserting one of these cards or adapters into your notebook can damage the memory card , adapter, and/or the notebook.
